5-STEP DECISION-MAKING PROCESS

1 SELF-ASSESSMENT
Identify your interests and passions
Evaluate your academic strengths
Consider your natural abilities
Reflect on your personality traits

2 RESEARCH CAREER OPTIONS
Explore industries and job roles
Understand qualification requirements
Check growth opportunities
Research salary potential

3 CONSULT & SEEK GUIDANCE
Talk to teachers and school counselors
Discuss with parents and family members
Connect with professionals in fields of interest
Attend career fairs and seminars

4 EVALUATE PRACTICAL FACTORS
Cost of education
Duration of courses
Location and institutions
Future job prospects

5 MAKE AN INFORMED DECISION
Align with personal goals
Consider long-term career path
Balance passion with practicality
Stay open to adaptation

KEY TIMELINE

10th Results → Stream Selection → 11-12th Study → Entrance Exams → College/Course Selection

“ Choose a course that matches your aptitude and interests, not just what's popular or recommended by others. ”
